AI-GENERATED SYNTHETIC TEST DOCUMENT

MUTUAL NON-DISCLOSURE AGREEMENT

Parties: Asterion Technologies Pvt. Ltd. and BluePeak Analytics LLP

Purpose: This synthetic document is designed to test LegalGuard AI risk detection. It is not a real legal agreement and is not legal advice.

1. Purpose

The parties intend to evaluate a proposed technology integration and may exchange commercial, technical, financial and customer information.

2. Confidential Information

Confidential Information means all information disclosed by either party, including information relating to its business, customers, pricing, source code, product plans, trade secrets, internal processes, and any information that the receiving party could reasonably understand to be confidential, without limitation.

3. Non-Disclosure

Each party shall protect Confidential Information and use it solely for the Purpose. Disclosure to employees and professional advisers is permitted where they are bound by confidentiality obligations.

4. Duration

The confidentiality obligations shall continue indefinitely after termination of this Agreement and shall remain binding for all information disclosed during the relationship.

5. Governing Law

This Agreement shall be governed by the laws of India. Courts at Mumbai, Maharashtra shall have jurisdiction.
