AI MODEL TRAINING & DATASET LICENSING AGREEMENT

1. Dataset License: Licensor grants Licensee access to text datasets for AI training.

2. Unconditional Pre-Payment IP Assignment: Licensee owns all trained weights and IP unconditionally prior to paying licensing fees.

3. Uncapped Licensor Indemnity: Licensor must fully indemnify Licensee for any third-party copyright claims without any liability limit.

4. Arbitrary Fee Deductions: Licensee may withhold or deduct licensing payments at sole discretion for minor dataset formatting errors.

5. Instant Default: Licensee may declare instant default and terminate without notice.
